INDUSTRIAL & SUPPLY CHAIN GRADUATE PROGRAM

Ferrero is a family-owned company with a truly progressive and global outlook and iconic brands such as Nutella®, Tic Tac®, Ferrero Rocher®, Raffaello®, Kinder Bueno® and Kinder Surprise®. As the love for our brands continues to grow, so too does our global reach. Represented in 55 countries, with products sold in more than 170, the Ferrero Group is loved by generations around the world. The secret to our global success? Nearly 35,000 dedicated employees who celebrate care and quality to craft a business, careers and brands we are proud of. Join us, and you could be one of them.

Ferrero is committed to building a diverse and inclusive culture in which all employees feel welcomed and appreciated and have the same opportunities. We believe all of our people are equally talented in their own way. In nurturing the curiosity and natural abilities of our employees, we provide them, generation after generation, the means to succeed personally and professionally, enabling them to craft their journey at Ferrero. The diversity of our talents is what makes our work environment multicultural, innovative and highly rewarding.

Location: Stadtallendorf (Hessen)
Starting date: January 2022

Roles available in
Supply Chain, Production, Maintenance, Food Technology, Planning Health & Safety

What to expect:
- A 4-years structured Graduate Program to develop talents who are willing to have an international career in Operations
- Exciting roles and projects across the Operations organization under the supervision of Ferrero leaders
- An initial period of two years in the hiring country followed by a first international assignment to develop and expand your knowledge as part of our Ferrero Family and to embrace the Ferrero ways of working in producing our iconic products and ensuring that they reach our Consumers
- The possibility to continue having an international career path after the Program’s conclusion

What we are looking for:
- Master’s degree (MSc, 5 years of studies) in Engineering, Food Technology or another field related to food manufacturing with a very high final score
- First practical work experience (e.g., internships or voluntary activities) would be a plus
- Strong user skills in MS Office
- Fluency in English
- The knowledge of any other language is a plus
- Great passion and interest in the food industry sector
- Curiosity, openness and intercultural competence
- Committed, logical and process-oriented work approach
- A real desire for international mobility

If you are interested in this position, we look forward to receiving your application via our online portal to Santo Lo Iacono, Human Resources.
